BODGER'S

Unrivalled Flower Seeds

We take pleasure in presenting to our customers this season an extensive price list, covering Flower Seeds for florist and general use.

All of the old favorites are included, as well as novelties, and this year we have added various sorts of Flower Seeds not previously grown in the United States, to accommodate those of our customers who wish to entrust us with a general order.

"GROWING OUR OWN"

It is our policy to grow our own FLOWER SEEDS, personally, on our own land. We are nearer to the complete realization of this ideal today than we have ever been before. Besides our large acreage at El Monte, we have established a growing station at Lompoc, California, where we grow Sweet Peas and many spring annuals which thrive in that locality.

The advantage of this concentration of effort and consequent elimination of conflicting standards is incalculable. To this policy of "Growing Our Own," we lay our reputation for reliability, and such distinction as we have gained in the field of floriculture.

OUR GOLD MEDAL DAHLIA FLOWERED ZINNIAS

The Royal Horticultural Society of England recognized our DAHLIA FLOWERED ZINNIA as a distinct advance in flower culture, by the granting of an "Award of Merit" for the strain and a Gold Medal for the group exhibited in the London Show in July, 1924. This recognition came as a culmination of ten years of effort to improve and popularize the Zinnia.

We take this opportunity to thank our many friends for their liberal patronage during the past season. We earnestly hope that the quality of our seed and the prompt SERVICE which we are endeavoring to extend to all will warrant a continuance of this support.

— A Generation of Service —

Novelties

We will send you our illustrated Novelty List for 1932 next August when we hope to have many new and interesting items including several new colors in Dahlia Flowered and other Zinnias. It is very gratifying to notice the liberal response to our Novelty List of the past season, especially the following which have received world-wide distribution:

Larkspur, Miss California and Carmine King
Iceland Poppy, El Monte
Cynoglossum Amabile, Pink
Verbena Gigantea, Salmon Pink
Zinnia, Luminosa, Old Gold, Picotee Delight Salmon Rose,
Early Wonder, Crown o' Gold, etc.

Novelties of real merit are in great demand among both amateur and professional gardeners.

A catalog which offers such Novelties is always in demand. The customer is willing to pay a fancy price for something good. Such a Novelty, offered with a good photograph, brings in money. In short,

**GOOD NOVELTIES BRING PRESTIGE AND PROFITS.
OBEY THAT IMPULSE.**

Perennial and Rock Plants

The demand for Perennials and Rock Plants suitable for the United States, Australia and other countries of similar climates is rapidly increasing. For many seasons we have made extensive trials and selected what we consider to be the best for general use. For the convenience of our customers, we have grouped together on pages 72-74 of this catalog what we consider a standard collection of both Perennials and Rock Plants. We call attention to the fact that these have been grown long enough to become adapted to American climates and we sincerely hope our customers will take advantage of the pioneering we have done along these lines.

Photographs

ON ACCOUNT of the rapidly increasing demand for better photographs to stimulate the sale of the newer and more desirable flowers, both annual and perennial, we have established a photography department in our organization. We are now busy photographing good specimens of as many varieties as we can photograph at this time and will continue to do so throughout the season as the flowers come into full bloom. Before the season is over we hope to have a very large and complete line of photographs for you to select from. If you are interested in getting photographs of varieties in this list, or any other specimens, field views, landscapes, etc., we urge you to get in touch with us. We are prepared to sell the sole rights to any of our customers who may wish for their exclusive use, providing they will give us the order in advance. It is our belief this department will greatly aid our customers not only in stimulating the sale of flower seeds from year to year, but in keeping abreast of the growing demand that is made upon the seed trade by the buying public.

Price, 8x10 prints, \$2.50 each. Full credit allowed on any returned in good order within 10 days.

ASTERS

We specialize in the growing of Asters, having under cultivation two hundred acres devoted to this popular Annual. Each season we offer the newest and most improved types.

Wilt Resistant Strains

For several years we have been working on a strain of Asters resistant to the Fusarium wilt disease which has caused so much trouble to both amateur and professional growers in recent years. The plants may be stricken with the wilt at any stage in their growth, from the seedling to the flowering stage, and as yet no method of control has been discovered. We believe prevention through highly wilt-resistant strains is the only method of combating the disease.

For the past three years our work has been done in conjunction with the Department of Plant Pathology of the University of Wisconsin, who are also working along this line.

We are offering six varieties of Fusarium wilt-resistant strains of Asters for distribution from crop 1931, which we believe will be practically immune to this disease, as proven in our plantings of the past three years, and hope to have a larger range for 1932. We feel sure that by using this seed many disappointments due to crop failures will be eliminated.

-----Heart of France-----	1.75	6.00	20.00

A NEW ASTER OF EXCEPTIONAL MERIT

Giant Mammoth Paeony Flowered Type

This Aster is a fine florist strain, an addition to the Beauty type. The flowers are of immense size, very double, borne on long, stout stems, quite free from laterals. They are good shippers, for they keep longer after cutting than any other Aster.

-----Swansdown, pure white-----	1.50	4.00	15.00
-----Maiden's Blush, delicate flesh-----	1.50	4.00	15.00
-----Azure Fairy, clear azure blue-----	1.50	4.00	15.00

IMPROVED GIANTS OF CALIFORNIA

Characterized by the well-known Crego or Ostrich Feather type of flower, combined with the Beauty Aster's long, non-lateral branching stems and sturdy habit of growth, the California Giants Double type of Aster stands at the head of the list, not only for florists' use, but also for private gardens where quality is appreciated. The White is exceptionally large and distinctive. Peach Blossom is quite distinct from any of the other colors. It opens as a white and flushes pink when in full bloom, presenting a variety of delicate peach blossom shades on the same plant. Light Blue is an exceptionally fine florists' flower; the color, although delicate, has a sufficient degree of intensity to please the most critical eye. Rose is a very rich deep shade, similar to Aster Beauty Bright Rose. The favored florists' colors are thus fully represented.

ASTERS—Continued

Improved Giants of California

Under date of August 21, 1927, the Horticultural Trade Journal of London, England, quotes the following on **Giants of California**:

"Bodger's California strain of Asters is ideal for growers of cut flowers; the flowers measure up to six inches across, packed with broad petals, and may be grown with stems 30 inches long. It is truly an aristocrat amongst Asters, vying with well-grown Chrysanthemums in size of flower and length of stem."

	Per oz.	Per ¼ lb.	Per lb.

-----Dark Purple-----	1.50	4.00	15.00
-----Mixture of Above-----	1.00	3.50	12.00

BEAUTY TYPE

We have noted with pleasure the steadily increasing popularity of the Beauty Aster as a florist's flower. The colors are good, and their keeping qualities unsurpassed. They are excellent shippers and are rapidly superseding American Branching for general use.

EARLY BEAUTY

This type has all of the characteristics of the Late Beauty Type, and is valuable for locations where the season is too late to flower the late type before frost, and for early forcing.

We wish to emphasize, however, that this is not an Early Aster as compared with Early Express or Queen of the Market, but earlier than the Late Beauty Type which is the latest of all Asters. Planted at the same time this type flowers with the Crego and American Branching. Please note we have added one color to this type which is quite desirable.

-----Finest Mixed-----	.60	2.00	6.00

LATE BEAUTY

Plants about 2 to 3 feet high, of branching habit, commencing to bloom in early September and lasting until destroyed by frost. Flowers large, borne on long and stout stems, from 18 to 24 inches. This applies to all of the Beauty Class, making them most desirable for cut flowers.

-----Azure Fairy, azure blue or dark lavender-----	.75	2.50	8.00
-----Carmine Rose (original Beauty introduced)-----	.75	2.50	8.00
-----Crimson-----	.75	2.50	8.00

IMPROVED NEW GIANT CALIFORNIA SUNSHINE FINEST MIXED

The foremost introduction among Asters for florists' use. The flowers measure four to five inches across, with heavy stems fully eighteen to twenty inches long.

Per Oz., \$2.50

Per $\frac{1}{4}$ Lb., \$8.00

Per Lb., \$25.00

ASTERS—Continued

CALIFORNIA SUNSHINE

	Per oz.	Per ¼ lb.	Per lb.
----- Carmine -----	1.00	3.50	12.00
----- Flesh -----	1.00	3.50	12.00
----- Lavender -----	1.00	3.50	12.00
----- Pink -----	1.00	3.50	12.00
----- Violet -----	1.00	3.50	12.00
----- White -----	1.00	3.50	12.00
----- Mixed -----	.85	3.00	10.00

Introduced by us last year and highly recommended for florists on account of the extra long stems. Flowers are true anemone flowered and larger than the ordinary type of anemone flowered.

Ostrich Feather

We consider these the finest of the Comet or Ostrich Feather class having long, full, fluffy flowers. Plants about 2½ feet high and robust in growth.

----- White, turning to Sky Blue -----	2.00	6.00
----- Cinnabar, very dwarf -----	2.00	6.00
----- Crimson -----	2.00	6.00
----- Dark Blue -----	2.00	6.00
----- Deep Rose -----	2.00	6.00

----- Malmaison Pink -----	2.00	6.00
----- Rose Pink (Lavender Pink) -----	2.00	6.00
----- Shell Pink -----	2.00	6.00
----- Sky Blue -----	2.00	6.00
----- White -----	2.00	6.00
----- Finest Mixed -----	1.75	5.50

Upright Branching

Plants erect in growth, 2 to 3 feet high. Branches short and erect. Flowers large and like the late branching.

----- Crimson -----	1.75	5.50
----- Deep Rose -----	1.75	5.50
----- Flesh Pink or Pink Enchantress -----	1.75	5.50
----- Lavender -----	1.75	5.50
----- Purple -----	1.75	5.50
----- Rose Pink (Lavender Pink) -----	1.75	5.50
----- White -----	1.75	5.50
----- Finest Mixed -----	1.50	5.00

Astermum

Plants about 2 feet high, branching habit. Flowers large, double, well-formed Comet class and a little earlier than Crego's.

----- Lavender -----	2.00	6.00
----- White -----	2.00	6.00
----- Rose Pink, malmaison pink -----	2.00	6.00
----- Finest Mixed -----	1.75	5.50

Mikado or Rochester

Improved Crego is far superior to the Mikado type both in regard to quality of flowers and length of stem. We therefore recommend using the Crego type.

-----White, Extra Select-----	2.00	6.00
-----Finest Mixed-----	1.75	5.50

Single Type

Single Giants of California

This wonderful Aster was developed from the Double Giants of California type. The flowers are large, measuring three to four inches across, with stems 18 to 24 inches in length. The petal has a slight twist, which adds a piquant touch to its beauty. The white blossoms resemble Shasta Daisies in appearance, but their greater length of stem makes them more graceful and better adapted to florists' use. In the garden, the Single Giants of California add a charming note of simplicity among the fuller types of Asters. We believe this new, single type of Aster is destined to become very popular.

---	------	-------

ASTERS have been one of our specialties for the last twenty years. By applying the most advanced scientific methods in our Experimental Grounds, we are able to keep our stocks up to the highest standard. Our firm has to its credit the originating of the **Beauty** type. We also assisted in popularizing the **Giants of California**. The name, "Tree Aster" has been applied to both these types, because of the height of the plants and the length of flower stems, which make them invaluable for cut flower use.

We grow on our own farms more than two hundred acres of **Asters**.

ZINNIAS

BODGER'S GOLD MEDAL DAHLIA FLOWERED

In July, 1924, the Royal Horticultural Society of England granted an "Award of Merit" for the strain, and a Gold Medal for the group of Dahlia Flowered Zinnias exhibited in the London Show. This official recognition of the strain meant much to its originator, our late president, John Bodger, who had put forth the best efforts of his last years in perfecting this type.

A silver medal awarded by the Royal Horticultural Society in August, 1927, is evidence that the Dahlia Flowered Zinnia is maintaining its place among worth while strains.

The large size, fullness of petals, extraordinary color range, and good keeping qualities of this flower have all contributed to its popularity. It is easily grown, and keeps well when cut. It is at present immune from disease. Equally good as a garden flower and as a florist's specialty, its popularity should increase with years. It has been truthfully called "A NEW FLOWER FOR THE PEOPLE."

A Florist's Moneymaker

This type is proving a good forcer among the florists. Polar Bear is forced and used extensively as a bunching flower for Mother's Day, while Exquisite, Old Rose, Golden Dawn, Oriole, Crimson Monarch, Luminosa and Canary Bird are specially recommended to force as desirable colors for florists for early Spring trade.

To assist in visualizing the true color, we have inserted, parenthetically, Ridgeway's Color Chart descriptions.

The following varieties are reselected, field-grown stock and are greatly improved over previous offerings:

	Per oz.	Per ¼ lb.	Per lb.
	.85	3.00	10.00
-----LUMINOSA (New) This is an entirely new shade in Zinnias—a charming shade of bright deep pink, with a light suffusion of salmon.			
-----EL DORADO (New) A fascinating shade of rose on deep salmon which does not fade in the sun.			
-----OLD GOLD (New) Glowing, burnished deep and lighter shades of old gold.			
-----GOLDEN DAWN—A beautiful golden yellow of immense size and good form. Very attractive.			
-----YOUTH—A beautiful soft rose self; valuable for forcing and a good shipper, having better lasting qualities than any other variety we grow.			
-----EXQUISITE—By far the most pleasing of our collection. Truly DAHLIA flowered as regards form and size. Color light rose with center a deep rose. (Tyrian Rose.)			

ZINNIAS—Gold Medal Dahlia Flowered—Continued

- OLD ROSE—This is adequately described by its name, as it is of the real Old Rose Shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.
- ILLUMINATION—Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose).
- GIANT ATTRACTION—A distinct shade of brick red, which forms an immense ball of color when in full bloom.
- GOLDEN STATE—A very rich orange yellow (Cadmium). Yellow in the bud, turning to an attractive orange when in full bloom.
- CRIMSON MONARCH—By far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.
- SCARLET FLAME—A large, beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.
- METEOR—A rich, glowing deep red (Spinel Red) and the darkest of all the red shades. Fine form, with good depth of petal. Very large and more floriferous than other reds.
- LEMON BEAUTY—This is next to Crimson Monarch in size and form. It may be described as a golden yellow on brown. Decidedly a pastel shade, and should be in every collection.
- ORIOLE—We consider this the most beautiful of its class. It is an immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.
- DREAM—A fine, deep lavender, turning to purple (Mallow Purple) a new, desirable shade in Zinnias.
- PURPLE PRINCE—A fine, deep purple (Rhodanthé Purple) large and well-formed.
- POLAR BEAR—A very large pure white, the best white yet seen in Zinnias. True Dahlia form.
- CANARY BIRD—A delicate shade of primrose—very large and holds its color well until out of bloom.

-----SPECIAL GOLD MEDAL MIXTURE—

	Per oz.	Per ¼ lb.	Per lb.
A well blended mixture containing all the above novelties-----	.80	2.50	8.00

- ALL COLORS MIXED—While this mixture may not contain such a variety of colors as the Special Mixture, its color range is very good; it has been thoroughly rogued in the field for type and size of flower-----

CROWN O' GOLD MIXTURE

The aristocrat among Zinnias—this season's outstanding novelty. Each petal of the flower is overlaid with a deep golden yellow at the base, while carrying out the individual flower color at the tip. The color range includes the popular florist shades: Old rose, cream, yellow, carmine red, pink, etc.

Per Oz., \$2.00

Per $\frac{1}{4}$ Lb., \$5.00

Per Lb. \$18.00

GIANT MAMMOTH TYPE

or California Giants

We introduced this type in 1926, being convinced it was a type that would become a favorite. This is a mutation from the Dahlia Flowered type and the general approval in the past has encouraged us to go further into the development of this for florists' and general use. The great advantage of this type is that the very large flowers are of enormous size and flat, getting away from the conical type of the Giants and eliminating the stiffness that has been so objectionable in Zinnias in the past. The flowers from the time they open are attractive, making them a good cut flower from the early bud until they are in full bloom. They are twice the size of the ordinary Giants.

	Per $\frac{1}{4}$ lb.	Per lb.
----- Brightness, (new) bright, deep rose-----	2.25	8.00
----- Cerise Queen, beautiful cerise rose-----	2.25	8.00
----- Enchantress, color same as Exquisite in Dahlia Flowered type-----	2.25	8.00
----- Grenadier, (new) bright, dark red, similar to Meteor in Dahlia Flowered-----	2.25	8.00
----- Lavender Gem, (new) similar to Dream in Dahlia Flowered-----	2.25	8.00
----- Lemon Queen, lemon orange-----	2.25	8.00
----- Miss Wilmott, soft pink-----	2.25	8.00
----- Orange King, cadmium or burnt orange-----	2.25	8.00
----- Orange Queen, golden yellow-----	2.25	8.00
----- Pink Profusion, delicate shrimp pink, very large--	2.25	8.00
----- Purity, white-----	2.25	8.00
----- Rose Queen, striking bright rose-----	2.25	8.00
----- Salmon Queen, (new) resembles Old Rose in Dah- lia Flowered-----	2.25	8.00
----- Scarlet Gem, glowing scarlet-----	2.25	8.00
----- Violet Queen, (new) color similar to Purple Prince in Dahlia Flowered-----	2.25	8.00
----- Finest Mixed (100 lb. lots, \$550.00)-----	1.75	6.00

PICOTEE TYPE

The Picotee Zinnia, introduced by us in 1919, differs from other types in that each petal is outlined by a contrasting color which harmonizes with the body of the flower. The form and color range are similar to the Giant type, but the size is between the Giant and Pumila types. They are useful to provide variety in that portion of the garden devoted to Zinnias, but they are especially adapted for use as cut flowers. They reproduce about 70% true.

----- Golden Pheasant—Gold ground tipped with maroon-----	3.00	10.00
----- Lemon Queen, Lemon tipped chocolate-----	3.00	10.00
----- All colors mixed, including new colors from white to scarlet-----	2.50	8.00

ZINNIAS—Continued

QUILLED TYPE

	Per $\frac{1}{4}$ lb.	Per lb.
-----Victory Choice Mixed—including several new colors; this variety has been greatly improved in size and range of color this year-----	2.50	8.00
-----Achievement, Mixed-----	2.50	8.00

DOUBLE GIANTS

(Improved Grandiflora Robusta)

The Giants are still very popular on account of their bright colors. For those who do not wish to list all the various shades we have picked out the 14 most popular colors and best all-around favorites of this type, as follows:

-----Bright Rose-----	1.75	6.00
-----Buttercup-----	1.75	6.00
-----Burnt Orange-----	1.75	6.00
-----Canary Yellow-----	1.75	6.00
-----Crimson, best red-----	1.75	6.00
-----Deep Flesh-----	1.75	6.00
-----Deep Salmon Rose-----	1.75	6.00
-----Faust, (new) blackish-maroon shade-----	1.75	6.00
-----Isabellina-----	1.75	6.00
-----Purple-----	1.75	6.00
-----Salmon, light salmon rose-----	1.75	6.00
-----Scarlet-----	1.75	6.00
-----Shrimp Pink-----	1.75	6.00
-----White-----	1.75	6.00

Other Colors and Mixtures:

-----Cardinal-----	1.75	6.00
-----Deep Rose-----	1.75	6.00
-----Golden Yellow-----	1.75	6.00
-----Lavender-----	1.75	6.00
-----Light Canary (apricot yellow) Distinct from Canary and Buttercup. Very desirable-----	1.75	6.00
-----Orange-----	1.75	6.00
-----Rose King-----	1.75	6.00
-----Ruby Red-----	1.75	6.00
-----Sulphur Yellow-----	1.75	6.00
-----Violet-----	1.75	6.00
-----Special Mixture of finest colors, including many trial ground varieties not contained in the regular mixture-----	1.50	5.00
-----Special Mixture All Pink Shades. (This is a special mixture from our trial grounds, intended for florists' use.)-----	1.50	5.00
-----All Colors Mixed, well balanced, per 100 lbs., \$250.00-----	1.00	3.00

ZINNIAS—Continued

Elegans Pumila Dwarf Double (Cut and Come Again) The Best Bedding Variety

PUMILA PICOTEE DELIGHT SALMON ROSE

This is an extra select strain of deep salmon rose. Great care has been taken in selecting only the best "Delight" types with curled petals and Picotee markings. We highly recommend this novel Zinnia as the best florists' cut flower on the market today and something that will sell on sight.

Per Oz., \$1.50 Per ¼ Lb. \$4.00 Per Lb. \$15.00

DELIGHT FINEST MIXED

The assortment of colors in Delight Finest Mixed is most pleasing for both florists' and general garden use. Included are salmon shades, cream, buff, biscuit, golden yellow and lavender.

Per Oz., \$1.00 Per ¼ Lb., \$3.50 Per Lb. \$12.00

	Per ¼ lb.	Per lb.
----- Bright Scarlet -----	1.00	3.00
----- Canary Yellow -----	1.00	3.00
----- Carmine Red -----	1.00	3.00
----- Dark scarlet -----	1.00	3.00
----- Flesh -----	1.00	3.00
----- Golden Orange -----	1.00	3.00
----- Salmon Rose, a pleasing shade used by florists in basket work -----	1.25	4.00
----- Snowball, White -----	1.00	3.00
----- Violet -----	1.00	3.00
----- All Colors Mixed -----	.60	2.00

EARLY WONDER

The first of a new race of dwarf, early flowering Zinnias, producing masses of Pumila type flowers on long stems.

	Per oz.	Per ¼ lb.	Per lb.
----- Fiery salmon cerise pink -----	1.50	4.00	15.00
----- Rose pink -----	1.50	4.00	15.00

CORNUCOPIA MIXTURE

An odd and unique type of Zinnia. Each petal forms a small cornucopia, giving the flower the appearance of a small pompon Dahlia. The colors are pink, rose, yellow and buff.

Per Oz., \$1.00 Per ¼ Lb., \$3.50 Per Lb. \$12.00

Elegans, Tall Double

----- Striata, finest striped mixed -----	1.25	4.00
----- All Sorts Mixed, per 100 lbs., \$150.00 -----	.60	2.00

ZINNIAS—Continued

Elegans, Lilliput Small Double Flowers for Borders

In recent years we have devoted much time to reselecting and "trueing up" this type of Zinnias, with the result that they are replacing the Dwarf Pumila type for bedding and cut flower purposes. Salmon Rose and Crimson Gem are especially useful to florists. We recommend the following collection, all distinct colors.

	Per ¼ lb.	Per lb.
-----Canary Yellow-----	1.50	5.00
-----Crimson Gem-----	1.50	5.00
-----Golden Gem-----	1.50	5.00
-----Salmon Rose-----	1.50	5.00
-----Scarlet Gem (Red Riding Hood)-----	1.50	5.00
-----Flesh-----	1.50	5.00
-----Purple-----	1.50	5.00
-----White Gem-----	1.50	5.00
-----Finest Mixed-----	1.25	4.50

Haagaena (Mexican Hybrida)

-----Double Mixed Colors, fine-----	2.50	8.00
-----Perfection, Single Star: Yellow-----	1.75	6.00
-----Perfection, Double: Yellow, select-----	1.75	6.00

Sanvitalia

-----Procumbens Double-----	1.75	6.00
-----------------------------	------	------

This is a low border plant sometimes called creeping miniature Zinnia.

 For the information of our new customers we will state we have devoted eighteen years to the improvement of existing types of Zinnias, and the originating of new and popular types; such as, PICOTEE, VICTORY QUILLED, CALIFORNIA GIANTS and DAHLIA FLOWERED. The rapidly increasing demand for these improved types will necessitate our planting over three hundred acres this year.

This season we have devoted ten acres of our Experimental Grounds exclusively to the development of our new varieties of Zinnias. By using the most up-to-date scientific methods we are not only enabled to keep our present novelties up to standard but are in a position to put on the market important new developments in this popular flower. Every year we are adding new colors, increasing the size and perfecting the form of the Zinnia.

Bodger's Zinnia Seed will assure you satisfaction. The discriminating buyer knows that the best is always the cheapest in the end.

CARNATION

Chabaud's Giant Double

Our plantings this year were so exceptionally fine that we again lay stress on the importance of listing this type of Carnation. By special selection we have greatly increased the size and otherwise improved this strain. In our judgment it is the best Carnation now on the market, produced from seed. We, therefore, highly recommend it.

CARNATION—Continued

Perpetual

	Per ¼ oz.	Per oz.
-----Englemann's Gold Medal, finest mixed-----	5.00	15.00

 We wish to advise that we have the sole American agency for these famous Carnations which are produced and sold in such quantities by Mr. Englemann on the London market. We are growing these on our farm from seed produced on the plants, the flowers from which won the sweepstake prize at the Chelsea Show in 1925. They reproduce from seed very satisfactorily and throw better than 80% double flowers.

DWARF DOUBLE Azalea Flowered

Last season we recommended Dwarf Double Azalea-flowered Carminea for growing in pots in greenhouses. We understand this has met with favor, and have added to this variety three new shades which we think are worthy of trying out, especially the Cornelia.

-----Carminea, pink, crimson blotched center-----	1.25	4.00
-----Cornelia, delicate salmon-----	1.25	4.00
-----Brilliant, dark crimson-----	1.25	4.00
-----Phyllis, rosy mauve-----	1.25	4.00

Miscellaneous Varieties

SPECIAL ANNOUNCEMENT

We have developed what we believe will prove a meritorious novelty — a double sweet-scented Nasturtium—to be known as

NASTURTIIUM BODGERI

FLORE PLENO

A bouquet of these attractive golden-yellow flowers, distinctly double in form, will fill a room with pleasing fragrance, besides being a delight to the beauty-loving eye. Also, the stems are rather stiff, and long enough to be bunched, something new for Nasturtiums.

In fact, we believe the new race is as distinct an advance over the old type of Nasturtiums as the Dahlia-Flowered Zinnia is over the original type, or Spencer Sweet Peas over Grandiflora.

This new NASTURTIIUM will be offered to the trade for the first time in our Fall Novelty List.

	Per oz.	Per ¼ lb.	Per lb.
-----New Giant Caucasica Hybrids (Isaac House Strain)-----	2.25	7.50	25.00

We introduced this wonderful improvement in perennial Scabiosa and recent reports lead us to believe they are making an accounting for themselves as a florists' cut flower. They are more vigorous in their plant growth, having longer and stouter stems with the average size of the flowers more than a third larger than the best strain of Caucasica we have heretofore seen. The outer edges are ruffled and fringed and the colors range from a very light lavender to a dark blue, giving the range of color necessary for general florists' use. We highly recommend this strain not only for florists' use but for the retail business where fancy stocks are required.

SCABIOSA COLUMBARIA ANTHEMIFOLIA

This is a South African form of the European Scabiosa and although reminiscent of Caucasica, is a distinct type. There is a decided place for this on the perennial list, as well as on the florists' cut-flower list. It can be briefly described as a hardy, low growing perennial with fine, light-green foliage, some of the flowers measuring from two to two and a half inches across with short, compact petals, borne on long, slender but strong stems. It is proving to be a valuable florists' cut flower. We offer this in two favorite colors—pink and lavender. We consider Columbaria a valuable addition to the perennial list, especially the pink shade which is a new color for Perennial Scabiosa.

Mammoth Early Branching Nice

This variety is now recognized as the most valuable of all Stocks for cutting purposes and the most popular for general use.

If sown early, they come into flower as early as Dwarf Ten Week varieties; the flowers are larger, and the branching habit renders them invaluable for florists.

-----In Separate colors-----	1.25	4.00	12.00

----- Golden Gem, yellow -----	.30	1.00
----- Paris Market, brown -----	.30	1.00
----- Finest Mixed -----	.20	.75

WALL FLOWERS—Continued

Early Forcing Annual Double

Per oz. Per ¼ lb. Per lb.

-----Early Wonder, extra choice mixed .85 2.50 8.00

Since introducing this novelty from Europe some years ago we have concentrated on its acclimatization to American conditions, with the result that we now have an extra early forcing strain which blooms 85 to 90 days from the date of planting. With us, seed planted Nov. 1 produces flowers Jan. 25. The flowers are equal to the Perennial Double in size and every respect. The strain was produced by crossing the Perennial Double with the Early Annual, and should thrive and bloom profusely in warm and dry countries where formerly only Early Annual Singles were bloomed successfully.

Perennial

Per ¼ lb. Per lb

-----Double, extra choice mixed-----	7.50	28.00
-----Single, finest mixed-----	1.00	3.00

WILD CUCUMBER

-----Echinocystis Lobata-----	.30	1.00
-------------------------------	-----	------

XERANTHEMUM

-----Double Blue-----	.60	2.00
-----Double White-----	.60	2.00
-----Double Mixed-----	.60	2.00

MIXTURES

-----Cut Flower Mixture-----	.60	
-----Special Mixture Annual Climbing Vines-----	1.00

-----California Wild Flower Mixture-----	1.00	

CUCUMBER

-----Rollinson's Telegraph-----	6.00	20.00
---------------------------------	------	-------

We import large quantities of Kentia seeds, and are able to secure any quantity of palm and shrub seeds gathered in California; also Privet, Monterey Cypress, Eucalyptus, etc. If interested, please write us.

For ZINNIAS, see pages 13 to 18 inclusive.

For the convenience of our customers we have grouped together a collection of perennials and rock plants we are growing. These are also listed alphabetically in the foregoing general price list.

ROCK PLANTS

Aethionema Grandiflorum (Warley Rose)
Alyssum Saxatile Compactum
Anthemis Montana, pure white
Aquilegia, Coerulea, Rocky Mountain Columbine
Arenaria Grandiflora
Arenaria Montana
Armeria Cephalotes
Armeria Lauchiana
Aster Amellus Hybrids
Aubrietia Grandiflora
Campanula Alliariaefolia
Campanula Carpatia, blue
Campanula Longistyla
Candytuft, Gibraltaria, lilac
Candytuft Sempervirens, white
Catananche Coerulea
Centaurea Montana, blue
Cerastium Biebersteini
Convolvulus Mauritanicus
Delphinium Sinensis or Chinese, Blue Butterfly
Dianthus, Plumarius, Pinks, Single Mixed (Pheasant's Eye)
Dianthus Plumarius Pinks, Double Mixed
Dianthus, Plumarius Caesius (Cheddar Pink)
Dianthus Deltoides
Dianthus Scoticus Mixed
Eryngium Amethystinum, deep blue
Fragaria Indica
Geum, Mrs. Bradshaw
Geum, Lady Stratheden, new golden yellow
Gypsophila Repens Rosea
Gypsophila Repens White
Helianthemum Mutabile Hybrids
Heuchera Convallaria Alba
Heuchera Sanguinea
Hypericum Polyphyllum (Repens)
Linaria Macedonica speciosa
Linum Perenne, Perennial Flax, Blue
Nepeta, Mussini
Oenothera Macrocarpa
Pentstemon Coeruleum
Platycodon (Campanula) grandiflorum Blue
Polemonium (Jacob's Ladder) White
Polemonium (Jacob's Ladder) Blue, good Bee Food
Potentilla Atrosanguinea, red
Potentilla Nepalensis Roxana, salmon
Potentilla Rupestris, white
Potentilla Willmottiana
Pyrethrum Tchihatchewi
Salvia Carduacea
Saponaria, Ocymoides
Scutellaria celestina
Sedum Spectabile
Silene Fortunei
Silene Schafta
Stachys lanata
Statice Latifolia
Tunica Saxifraga
Urospermum Delechampi
Verbena Venosa, Heliotrope purple
Vittandenia Triloba

PERENNIALS

Abutilon Hibiscus Flowered Hybrids
 Achillea The Pearl
 Achillea millefolium Kelwayi Rosea
 Agapanthus Umbellatus Blue
 Agathea Coelestis, Blue Border Daisy
 Agrostemma Coronaria
 Ampelopsis Veitchi (Boston Ivy)
 Ampelopsis Quinquefolius (Virginia Creeper)
 Anchusa Italica, Dropmore Variety
 Anemone, Coronaria St. Brigid, extra choice double mixed
 Anemone, Coronaria French (Caen)
 Anthemis Kelwayi
 Anthemis Kelwayi Alba
 Aquilegia, all varieties
 Asparagus Plumosus Nanus
 Asparagus Sprengeri
 Bidens Dahloides, Mixed
 Boltonia Latisquama
 Bupthalmum speciosum
 Campanula Grandiflora
 Canna, all varieties
 Carnation, all varieties
 Centaurea Candidissima (Dusty Miller)
 Centaurea Dealbata
 Centaurea Gymnocarpa
 Chelone barbata coccinea (Pentstemon barbatus)
 Chrysanthemum Leucanthemum Shasta Daisy
 Cineraria Hybrida Maritima Diamond
 Cobeia Scandens Blue
 Cobeia Scandens White
 Coix Lachrymae (Job's Tears)
 Coleus Hybridus Choice Mixed
 Coreopsis, Semi-double, very attractive a good cut flower
 Crucianella Stylosa
 Dahlia, all varieties
 Delphinium, all varieties
 Digitalis, all varieties
 Dimorphotheca Ecklonis
 Dracaena Australis
 Dracaena Indivisa
 Dracocephalum japonicum
 Echinops Ritro
 Erigeron speciosus grandiflorus
 Fuchsia Double and Single Mixed
 Gaillardia Grandiflora, all varieties
 Gaura Lindheimeri
 Geranium, all varieties
 Gerbera Jamesoni
 Grevillea Robusta
 Gypsophila Paniculata alba, single and double
 Gypsophila Manginii, light pink
 Helenium Bigelowi
 Helenium Hoopesii
 Helianthus Angustifolius, Autumn Glory
 Helianthus Maximiliani, yellow
 Heliopsis, Scabra, Zinniaflora, yellow semi-double
 Heliopsis Double, yellow (Lemoine's Strain)
 Heliotropium, all varieties
 Hibiscus, all varieties
 Hollyhock, all varieties (Chater's and Vert)
 Hunnemannia Fumarifolia
 Incarvillea variabilis hybrids

PERENNIALS—Continued

Isatis glauca
 Kudzu Vine *Pueraria Thunbergiana*
 Lantana, all varieties
 Lathyrus Latifolius, all varieties
 Lavatera Cashmeriana
 Lilium Regale
 Linaria Dalmatica
 Lobelia Cardinalis
 Lupinus Polyphyllus
 Lychnis Chalcedonica
 Lychnis Viscaria Splendens
 Marigold *Tagetes Lucida*
 Matricaria Eximia Nana fl. pl. Golden Ball
 Matricaria Capensis Alba Plenissima
 Nepeta Macrantha
 Nierembergia frutescens
 Pentstemon Sensation
 Phlox Drummondii Decussata
 Physalis Francheti (Chinese Lantern)
 Physostegia Speciosa Virginica, pink
 Poppy Oriental Scarlet and Mixed
 Pyrethrum roseum
 Rehmannia Angulata Pink
 Romneya Coulteri
 Rudbeckia Purpurea
 Rudbeckia Newmanii speciosa
 Salvia Dichroa
 Salvia Farinacea Blue
 Salvia Nemorosa Blue
 Salvia Grandiflora Azurea
 Saponaria Officinalis Double, white and rose
 Scabiosa, Caucasica
 Scabiosa, Columbaria
 Scabiosa, Japonica
 Sidalcea Rosy Gem
 Smilax (Medeola) Asparagoides
 Statice Perezii Multiflora, Deep Blue
 Statice Caspia
 Stevia Serrata
 Stokesia Cyanea, Blue and Mixed
 Sutherlandia Frutescens
 Sweet Rocket, all varieties
 Sweet William, all varieties
 Thalictrum dipterocarpum
 Tradescantia Virginica
 Trifolium Rubens
 Tritoma (Kniphofia) Red Hot Poker
 Valeriana
 Verbascum Miss Willmott
 Verbascum Wiedmannianum
 Veronica Longifolia
 Veronica Spicata, a dwarf plant, dark blue spikes. Attractive
 Wallflower, Double and Single Mixed

We import large quantities of *Kentia* seeds, and are able to secure any quantity of palm and shrub seeds gathered in California; also Privet, Monterey Cypress, Eucalyptus, etc. If interested, please write us.

CONTRACT FOR 1931 CROP

-----, 1931

Between BODGER SEEDS, LTD., El Monte, Los Angeles County, California

And -----

BODGER SEEDS, LTD., agree to plant sufficient land under normal conditions, ordinarily to produce the amount of seed named hereafter, at prices indicated, and will deliver the seed at nearest terminal point in California as soon as practicable after harvest, seed to be in good merchantable condition, as defined below.

"In good merchantable condition" is understood as meaning seeds properly cleaned for seeding purposes, approximately free from foreign seeds distinguishable by their appearance, and of a germination equal to the fair average germination of the crop of the current year.

We reserve the right to advance any or all prices in this list on orders received after May 1st, 1931.

BODGER SEEDS, LTD., will accept contracts only as long as the condition of the crops is favorable enough to justify their accepting same. In case of partial or total failure of any or all crops planted, or in case of damage to, or destruction of seed stocks of BODGER SEEDS, LTD., before planting, or to any seed through fire, accident or other cause beyond seller's control, BODGER SEEDS, LTD., shall be obliged to deliver, if at all proportional quantities only, and, in any event, BODGER SEEDS, LTD., shall have the right to reserve an amount of seed equal to that used in said planting.

Bags or containers will be charged at market value.

TERMS: F.O.B. California terminal, flower and vegetable seeds, 60 days net or 2 per cent discount for cash within 30 days from date of invoice. All overdue accounts subject to sight draft without further notice.

NON WARRANTY. We give no warranty, express or implied, as to purity, description, quality, productiveness or any other matter of any seeds or bulbs we send out, and we will not be in any way responsible for the crop. We quote subject to immediate acceptance, stocks unsold, confirmation of orders, stenographic errors and omissions, delays and contingencies beyond our control.

If our goods are not accepted on these terms, we should be notified at once.

Our seeds have been selling on their merits for the past forty-two years, and by observing the steadily increasing demand for them, we believe they have given general satisfaction. We are always glad to receive comments of any kind from our customers, and will give the same our careful attention.
